 Linked IN

OBJECTIVE

Data Analyst and AI enthusiast skilled in Python, SQL, Machine Learning, and Data Visualization. Strong foundation in statistical analysis and model development with hands-on project experience. Eager to contribute analytical and technical skills to drive data-driven decisions in a dynamic organization.

EXPERIENCE

Programmer

Birla Global University

08/2025 – Present | Bhubaneswar

As a Programmer The following are my key responsibilities,

- Conduct programming training and hands-on support for students and faculty, guiding them through coding practices, project development, and technical problem-solving.
- Provide technical and lab-based training assistance, including troubleshooting issues and helping learners understand software, tools, and development environments.
- Manage lab operations and resources to create a smooth, reliable environment for practical training sessions, workshops, and regular coursework.

Junior It Specialist

Ethnotech Academy

12/2024 – 08/2025 | Bangalore, India

As a Subject Matter Expert, I specialize in developing and delivering AI-driven solutions, providing expertise in machine learning, deep learning, and data analysis.

- Conducting in-depth research on machine learning, deep learning, and AI frameworks to enhance the learning ecosystem.
- Developing and refining AI, machine learning, and data science modules, ensuring clarity, industry relevance, and hands-on exposure for students and professionals.
- Bridging AI concepts with real-world applications by integrating machine learning models with scalable web applications and APIs.

AI Project Co ordinator

MEAS

02/2024 – 11/2024 | Mysore

As a Data Analyst

- Utilized advanced analytical techniques to extract insights from complex datasets, guiding key business decisions.
- Coordinated funding opportunities and led meetings with stakeholders to align data-driven strategies with company objectives to align data-driven strategies with company objectives.
- Served as a key decision-maker, enhancing project outcomes and financial performance. Achieved a 30% growth in project efficiency and 20% improvement in financial performance through data-driven strategies.

EDUCATION

Computer Science and Engineering

Gandhi Institute of Engineering and Technology

2019 – 2023 | Gunupur, Odisha

8.3 cgpa

SKILLS	
Python	● ● ● ● ●
Pandas	● ● ● ● ●
Numpy	● ● ● ● ●
Keras	● ● ● ● ●
Tensorflow	● ● ● ● ●
Matplotlib	● ● ● ● ●
PowerBI	● ● ● ● ●
Tableu	● ● ● ● ●
Seaborn	● ● ● ● ●
Scikit Learn	● ● ● ● ●
Excel	● ● ● ● ●
SQL	● ● ● ● ●
Git	● ● ● ● ●

Problem Solving	● ● ● ● ●
Statistical Analysis	● ● ● ● ●

- CERTIFICATION
- Python Programming
 - HTML and CSS Global Certification
 - Java Script Global Certification
 - Data Visualizations through Power BI

PROJECTS

Sentiment Analysis

Conducted sentiment analysis on data from America's five major banks to gauge public opinion on products and services, developing a dashboard to visualize sentiment trends.

2024 Election Ad Spending Analysis

Conducted an analysis of 2024 election ad spending patterns across media channels, identifying trends and correlations with voter engagement.

Customer Segmentation Analysis

Conducted customer segmentation analysis using clustering techniques to identify unique groups based on purchasing behavior and demographics.
